vote no. The motion would require 30 votes, with the suspension of the rules, and treat 897 like this and it can only be for today. Other than that Senator Duis is right. Wear the bill out bringing it back and forth. All right, have you all voted? Thirty votes are required to suspend the rules, in order to bring the bill back. Have you all voted? Thank you, Clerk will record.

CLERK: 30 ayes, 8 nays, Mr. President.

PRESIDENT: Thank you. The bill is returned. Continue with the Final Reading now of LB983.

CLERK: Motion on the desk.

PRESIDENT: Read the motion on the desk.

CLERK: Mr. President, I move to bracket LB983 and 983A on Final reading (Signed) Senator Stahmer.

PRESIDENT: The Chair recognizes Senator Stahmer.

SENATOR STAHMER: Mr. President, and members of the body. I happened to notice that there is a appropriation within the bill and a separate A bill, and I think the bill could be made clearer, if all the appropriation was in the A bill. I'm not trying to delay it. If Senator Carpenter objects, I will withdraw this. But I think, if it were my own bill, I would do this, and I think it would be clearer to make sure that he ends up with the money where he wants it. And I think, I talked to our Fiscal Staff and they said they thought that perhaps too, that it could be made somewhat clearer, and I just...I think this could be handled either today or tomorrow, I would not ask that it be held any longer than tomorrow.

PRESIDENT: Standby, Senator Carpenter. Senator Duis was up first. O.K. Senator Carpenter go ahead. He's passing. Any further discussion. Senator Nore, your light is on. Does that indicate you want to discuss 983, to the bracketing of 983A. Senator Nore.

SENATOR NORE: Mr. President, and fellow members. I probably I should ask for point of personal privilege. That isn't the time probably. But what I wanted to say, that 877 as I understand is one of those bills that is taken off of General File,

PRESIDENT: Senator Nore, you are out of order, because 877 is not up for discussion now.

SENATOR NORE: It is a noncontraversial bill.

PRESIDENT: All right, we are talking about 983. Is there any further discussion of 983. Senator Duis.

SENATOR DUIS: No, Mr. President. But I want to acknowledge an error in my ruling a minute ago. A bill brought back to General File for an amendment or amendments will be placed at the head of General File. You will find it on page 30, rule subsection d. And I made an error and I apologize for it to the body, but a bill brought back to General File would go to the head of General File when it is brought back from Select File. So we could accomplish and not have to have the suspension of the rules. 25 votes would have brought it back. And it also I believe says
